Montreal, January 25, 2011

Mrs. Sofia Hafeez  
Events Coordinator  
Lyreco  
7303 Warden Avenue, Suite 200  
Markham, Ontario  
L3R 5Y6

Dear Mrs. Hafeez,

We are very grateful that your company chose our organization to benefit from the teambuilding activity that was scheduled for January 13, 2011 as part of your company's National Sales Convention in Montreal. All of the cleaning, painting and reorganizing that your volunteers did was bliss for us, as our building is almost a century old; thus, renovations are always welcome.

All of the Lyreco employees present that day worked tirelessly all afternoon and were able to accomplish an impressive amount of work, much more than we initially anticipated. In addition to all the work that had been planned for them, they went above and beyond the call of duty and accomplished in a few hours what usually takes us weeks to do!

Many people will be able to benefit from the work that your employees did, including many young people. In total, over 10 rooms and areas were renovated by the volunteers from Lyreco, including our Teen Lounge, Arcade Room, Ball Hockey Gymnasium, Study Hall and Staff Lounge. The two aforementioned lounges were fitted with brand new furniture kindly donated by your company, making these rooms very comfortable to be in for our staff and the young users of our services.

We were more than happy to welcome the 150+ volunteers from Lyreco for their teambuilding activity. We were even happier to witness their efforts in improving our facilities and the results they managed to obtain in a short amount of time. On behalf of the Sun Youth staff, management and volunteers, our deepest thanks for everything you did for our organization.

Sincerely,

Sid Stevens  
Executive Vice-President  
Sun Youth Organization
